School starts again soon so here's a reminder about road safety

School's back for the year very soon and we all need to help keep tamariki safe on the roads.

If you're driving near schools:

- Watch out for children walking, scooting, or cycling.
- Be alert for children and be prepared to stop.
- Be ready to stop at student-controlled school crossings.

Parents, caregivers, or whānau members can join children on their walk, scoot, or cycle and teach them:

- Where to cross the road and how to cross safely.
- Any tricky driveways they should be careful of.
- To cross with their school patrol if they have one.

More children are out and about before and after school—let's help keep them safe.

For more road safety advice, go to <https://nzta.govt.nz/safety/keeping-children-safe/>

MenzShed Upper Hutt – January 2025 update

The extension deck for Building 2 step access to the remaining door is now almost complete, thanks to Darryl/Phil/David/Curtis and Keilen. Curtis has now left for “greener” pastures after successfully getting a Park Ranger position with DOC at Mt Cook. We wish him well on his journey.

The small shed (ex UHCC) adjacent to the Bowling Club building has been uplifted and relocated behind the garage. With help from Mitre10 to providing a HiAB for the move the shed was in its new location within an hour. Whilst some remedial work has been needed to make it secure, it will provide much needed storage for the shed.

Ongoing projects

The last of garden benches which needed some TLC has been completed and picked up.

The YMCA project has also been completed and 24 gutter boards were picked up recently. Thanks

mainly to Lindsay/Doug/Mike R for their completion. We were rewarded with a substantial morning tea which everyone was very happy about and received a Big Thank you card signed by all the kids! The Doris Nicholson project (bed/table) has also been completed (Doug). A further project still has to be costed before starting.

In continuing to support Ferguson Intermediate with their rat tunnel project, we expect to provide them with galvanized mesh on their return to school.

Mike C has championed Wallaceville Play Centre with various projects in hand (refurbishing puzzles, cover for a sand pit and a replacement gate amongst others). I'm sure they are very grateful for his commitment to their Playcentre.

Serial beggar that has been touring the North Island has been seen in Lower Hutt – be on your guard

A serial beggar who has been present from Auckland to Whanganui has now been witnessed in Johnsonville and Lower Hutt. She's been creating different stories and identities, including being pregnant, to prey on people's emotions. Her stories have included being pregnant, having a daughter, needing money for rent and food, having her visa denied, etcetera. Suspicions arose when people offered her food, she refused it and asked for money instead.

In Lower Hutt she's been seen outside K-Mart in Petone, and outside New World.

She's well aware that people are on to her act, and will turn away if people try to take a photo.

Diplomatic Circle: 76th Republic Day of India – Flag Hoisting Ceremony in Wellington

It was a Sunday morning, velvet-cool but not harsh, with the kind of light that renders the edges of Wellington sharper yet more forgiving. The weather forecast said spotty rain on the horizon. At the High Commission of India, the building stood quietly proud, its tricolor emblem everywhere in and around the building. Brightly clad children with their proud parents slowly streaming in through the gates of the Indian High Commission with murmur and laughter – a distant echo of home. Inside the gates, the warmth was evident from the pride, expectation and sensation of patriotism of the guests. The High Commissioner, Ms Neeta Bhushan, a figure of remarkable kindness and effortless diplomacy, presided over the celebration of India's Republic Day with a sincerity that seemed to draw in both longtime residents of Wellington and members of the Indian diaspora alike.

The highlight of the occasion was the flag-hoisting ceremony(see photo), a moment steeped in reverence and ritual. As the orange, white, and green ascended gracefully against the building's background, the gathered crowd sang the Indian national anthem in unison—some voices carried pride, others, a gentle tremor of nostalgia. The third, fourth generation children doing their best to make themselves heard. For some of them, a visit to India might have been during the longer holidays or important social occasions, but – though still very young – they were aware of the impact their origin country India was having in the international arena and, of course, in New Zealand. It was a scene that spoke of distance and belonging, of a homeland remembered and a home adopted.

Along with this, the President of India's address were read aloud with deliberate clarity. The words carried weight, even at this distance of oceans and continents. They spoke of India's democratic resilience, its aspirations, its challenges—a reminder that Republic Day is both celebration and reflection.

There were cultural performances. As dancers clad in resplendent traditional attire moved with a grace that seemed almost rehearsed by history itself. Classical music, Bollywood beat music, and harmonium-table combo swelled in the background wafting its intricate rhythms and soaring melodies. The temples, villages, bustling cities, clinging train and bus rides – all these and more went through the minds of the audience. These moments felt like a portal, offering a glimpse of India's staggering diversity, artistic depth and hard working culture.

The morning concluded with a reception, a simple but elegant affair where cups of chai mingled with the aroma of nostalgia. It was a time for conversations—children born in New Zealand listening curiously to tales of a distant India, while older attendees exchanged knowing glances over stories of shared struggles and joys. For the friends of India, this was a chance to experience a culture celebrated for its openness and vibrancy, a chance to lean into a world that welcomed them, even for a morning.

The ambassador moved gracefully through the crowd, waving at people, listening intently, smiling warmly. Her presence, like the celebration itself, seemed to bridge the worlds that collided here—not with clamor, but with the steady hum of shared humanity. It was a morning to honor a republic, yes, but also a morning that quietly celebrated the bonds that can grow between lands, across seas, and between people.

AT HOME

Only boil as much as you need – Saving money when making tea or coffee

Boiling 1 litre of water in an electric jug for hot drinks uses about 100 watts of power each time. A litre makes about 4 hot drinks.

Doing this just three times a day for a month will consume about 9 units of electricity (9 kwh) of your monthly power account. 9 units costs about \$2.70 (total cost including line fees and GST).

It's easy to see why budgeting experts recommend that you boil only enough water for what you need at the time. Most electric jugs have minimum water levels marked on them. This is usually enough for about two hot drinks. (500ml).

Habitually filling the jug right up and using only some of the boiled water is an expense you can easily avoid. How nice to spend the savings you make on a treat you actually get to enjoy.

Some examples based on boiling for two drinks, three times per day, for a month:

- 500ml per boil = \$1.35 per month
- 1 litre per boil = 2.70 per month
- 2 litres per boil = 5.40 per month

Many households have a lot more refreshment breaks than three per day, so their savings can be a lot higher.

Silverstream Reformed Church

Location: 8 Blue Mountains Road, Silverstream

What we Believe:

We believe that Jesus Christ is the only Saviour and the Sovereign Lord over all of life. We are fully committed to the Bible in its entirety as the Word of God. We believe that theology is important, it is vital for the health of the church, and without sound doctrine the church decays. Throughout history, the church has confessed what it believes by faithfully summarising the truths of the Bible in written forms known as creeds and confessions. These confessions do not hold the same authority as the Bible, but they help to summarise the Bible's teaching. Ultimately, the Bible remains our only rule for faith and life.

Who we Are:

Our Church is a family church, with a mixture of young families, retirees, couples, single people and youth. We have approximately 200 members, from different backgrounds, meeting together because we share a common faith in the Lord Jesus Christ

Service Times:

Our worship services are on Sunday at 10 AM and 4 PM, and we would love to see you there. Our friendly greeters will meet you at the door and answer any questions you have.
